### *Aloha Cares*

On the Saturday before Easter, the first “Aloha Cares” charity tournament took place in our beloved Club. 200 players, mostly members with some guests, played and enjoyed a ‘mixed scramble’ in good weather. The very successful renovation of the club house provided a great backdrop.

Thanks to many sponsors 17 valuable prizes, 10 special prizes and some extra prizes were handed out at the prize giving ceremony on the terrace. The first prizes were Green Fees from Valderrama, La Reserva, Finca Cortesin and Sotogrande, all of which were received with great pleasure.

La Sala sponsored the drinks. Walter Fischer donated an unusual but good prize “a Mercedes Cabriolet for free use for three days“, a beautiful dried flower bouquet and beautiful silk scarves were sponsored and many more. Gran Reserva Magnum Bottles of Bodega Valdemar were gladly accepted. One member

had provided 4, 3-litre Jeroboams of Prosecco. And not to forget the prizes donated by the Aloha Family: Restaurant, Pro Shop, Professionals, Health Club and Physiotherapy. It's easy to imagine how satisfied the winners were. You will find photos on the website in the member's section.

220 guests enjoyed the first-class 3-course menu in the evening. The wine was donated by Vinopolis. The redesigned interior of our renovated club house gave the party a beautiful setting. Not to forget that this time not only music was played as background music. A high-powered disco environment, specially installed for this event, made it possible for Aloha to be "rocked" until well after midnight. It was danced until the soles smoked.

All in all, a successful event. There have never been so many compliments and the members are looking forward to the event next year.

We almost forgot to report! The income from the day was € 14,000, which will benefit the people in need and especially their children. THANK YOU to all participants: with your donations we will be able to continue our work.
