

COMMUNICATION COMMITTEE

Dear Friends of Aloha Cares,

We all suffer more or less from the corona pandemic. The poorest of the poor are hardest hit anywhere on our planet. Everywhere people are starving and do not have the bare essentials.

Today we would like to inform you about the situation of the people we support every month. Cristina von Kyaw, who is in permanent contact with Caritas, reports that more and more people are turning to Caritas to ask for the most necessary groceries. The worst famine is currently being alleviated by the following organisations, which brings us some relief: Banco de Alimentos delivers now more regularly and the owner of La Cañada has done a big delivery of basic food 10 days ago.

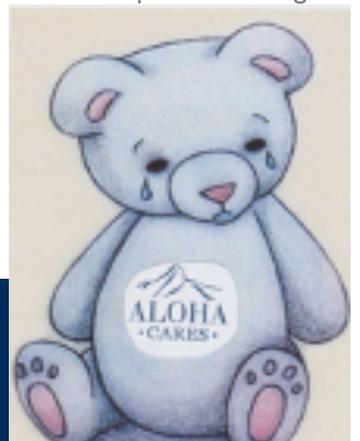

We fill in the gaps that these two cannot fill. Experience shows that these deliveries take place spontaneously and they deliver goods they have available not necessary what is desperately needed; Aloha Cares is for the moment more in demand than ever. Our usual deliveries are currently being expanded with a lot of milk.

At the moment our money reserves are sufficient. We have to wait and see what happens if additional donors fail. We will allow ourselves to come back to you as soon as we have to take over the complete care again and hope for your generosity.

In this sense, we greet warmly. Take care of yourself and stay healthy.
