

Additionally, Reale offer Aloha members a discount when buying their own insurance. For further information, please visit the blog [galpemediatenglish.blogspot.com.es](http://galpemediatenglish.blogspot.com.es).

## Free bottle for members

We plan to gradually remove all plastic from the Club. From mid-September, members will have a stainless steel bottle available from the reception desk.

The fountains on the course have been provided with a second tap that will allow you to refill your bottle with filtered cold water by using the blue pedal.

Helping others is a good feeling and ALOHA CARES makes it possible!

As the numbers of families with children in need at the Church in LA CAMPANA have raised enormously, we are now giving them a hand in organising all paperwork and food distribution once a week.

The volunteers at the Church do an incredible work and so far they have been able with the help of Banco de Alimentos and our help to ease the worries of these families.

Many families with children are very thankful to see that there are helping hands during this crisis and we will not let them down.

*Even the youngsters in our Club are contributing!*

Indira Cameron Torregimeno donated bags full of her clothes that we we could give to other girls. They received it with open arms and were very happy about it! Thank you Indira for your generous gesture!

## *Sylvia Bolle and her successful Masks*

Sylvia has raised 500,00 Euros for ALOHA CARES by selling her "self-made" masks!

As they are selling like hot cakes, we have had to ask her to get to work again as we ran out of supplies!

ALOHA MEMBER she will always stay attached to our very special Club!

An enormous thank you to Ingrid for her generosity.

**Thank you also to Mr. Frank Forbes** for donating this TV which has been delivered to the elderly home Hermanitas de los Pobres in Ronda.

## *A big thank you to Ingrid Miersch*

Our friend Ingrid has been a member in ALOHA for a very long time.

She has always been a supporter of ALOHA CARES and this year she has surprised us with 4.170,00 Euros donation for our families with children.

Sadly she has sold her share but we say once
