

# COMMUNICATION COMMITTEE

The most important news we want to pass on is that in July and August many mothers and fathers of the families we support found work. Marbella and the whole surrounding area are very much booked; tourists are flocking to the southern areas and so hotels, restaurants and other businesses need additional workers. This makes us happy for our families, because a feeling of “being useful” is almost priceless.

We would like to express our sincere gratitude to all our members, sponsors and regular supporters; we are glad that we have enough resources to meet the expected rush when autumn and winter arrive. We would like to highlight that out-of-tour donations keep reaching us, and we would like to take this opportunity to thank them especially!

***Ian Radford:*** clothes and children’s toys.

***Tom Darsey:*** a laptop and cutlery (the laptop was given to a 16-year-old boy for school in September)

**The Birdie Ladies:** the ladies continue to give their earned Birdie money to us, great!

This year **Aquamijas** (the water park in Fuengirola) gave us 20 free tickets to distribute amongst the families with children.

**Very important! SAVE THE DATE:** our next tournament will take place again and the date has already been confirmed by the club: April 23, 2022. We ask everyone to save this date as we are looking forward tremendously to a large field of participants. Of course we are confident that next year the tournament can take place again with all the “trimmings”. The dancing shoes can already be prepared....

In the meantime a cooperation between the Golf Club Engadin and Aloha Golf Club has developed. For our tournament we will be able to count on getting the 1st prize sponsored next year as well. It is about the participation in the International Autumn Golf Week over 4 days including accommodation, green fees, starting fees and evening program.

At the beginning of September 2021 the winners will already be able to enjoy this prize; both the Golf Club Engadin and the Hotels Waldhaus in Sils and Hotel Walther in Pontresina are looking forward to welcoming the guests from Spain. We recommend visiting their websites.
